

2026 UNIT GUIDE

SEAMLESS SOLUTIONS FOR THE KITCHEN WATER PLACE
BLANCO UNIT – TAPS, SINKS AND WASTE SYSTEMS

WHAT IS THE BLANCO UNIT?

After all, we spend 60 percent of our time there at the water hub.

A PERFECT COMBINATION.

We spend about 60% of our time in the kitchen at the sink. It's where we fill our glasses, prepare food, rinse dishes, get rid of food waste, store cleaning products and separate the recycling. So it's important to ensure that things happen quickly and efficiently here. Having everything you need within easy reach and working together smoothly is key.

With the BLANCO UNIT daily cooking, food preparation and cleaning become simply easy, saving you space, energy and time, making those essential daily tasks an absolute breeze.

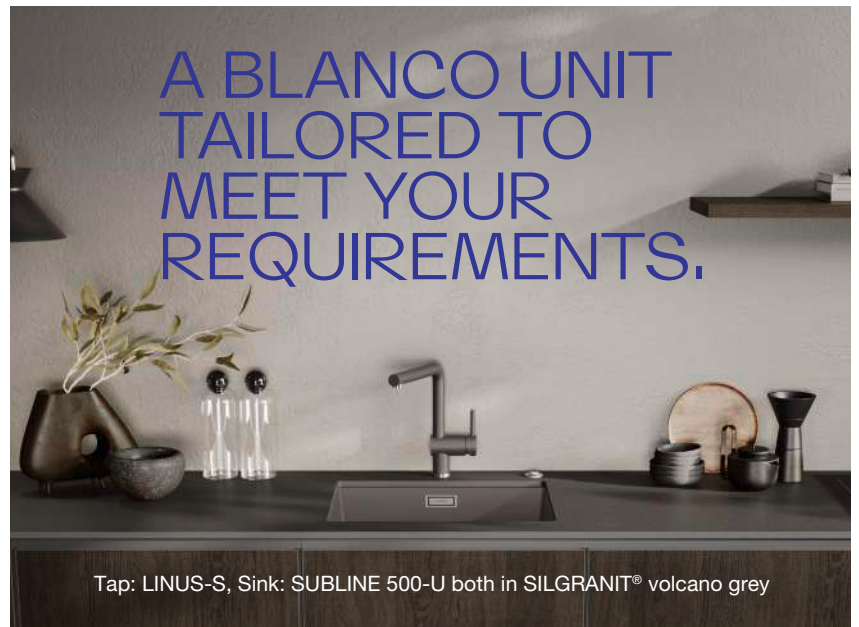

KEEPING IT **BLANCO** SINCE 1925

With the BLANCO UNIT you can create the perfect place to drink, prep and clean, that fits your style and your lifestyle. Day-to-day drink making, food preparation and cleaning now take place at a sophisticated sink area, combining all three tasks to perfection. Vegetables are peeled, washed and off-cuts disposed of in just a few simple movements. Tea made simple with a boiling water tap, cool drinks created with pure filtered water and life made easier with features including flexible or pull-out sprays.

The space under the sink, that no-go-area of chaotic (but important) storage becomes perfectly tailored with an integrated waste, in-cabinet organisation or food waste disposer.

All of this with millimetre precision, premium quality and ingenious ideas to make kitchen life easier everyday.

STEP ONE: SELECT YOUR TAP

Are you looking for highest quality filtered Water? Do you need a pull-out spray, or want a semi-professional style tap?

We have a huge selection of top-quality mixer taps, with award-winning designs - find the ideal tap for your kitchen. But, before choosing your BLANCO tap it is essential to check whether you have a high or low pressure water system.

STEP TWO: CHOOSE YOUR SINK OR BOWL

BLANCO sinks and bowls are available in an array of different sizes, with a range of installation methods, colours and multi-functional solutions for every standard base cabinet. Whether you are creating a contemporary space and want the latest in undermount designs or stunning inset sinks with drainers, or if you want a farmhouse style bowl for a more traditional look - we have them all.

Three high-quality materials also offer you the option of designing the BLANCO UNIT your way: Beautiful SILGRANIT® stone composite, timeless stainless steel or luxurious ceramic. The choice is yours.

STEP THREE: WASTE LESS SPACE

Reclaim that no-mans-land area under your sink with BLANCO waste organisation systems. Whether you are looking to organise your cleaning products, store pet items or sort your recycling, we have a system for you. The BLANCO range of organisation and waste management systems give you options for most standard sized, hinged door or pull-out drawer cabinets.

BEAUTIFUL. STRONG. CLEAN.

SILGRANIT® kitchen sinks and bowls.

SILGRANIT sinks are adored around the world for their exclusive styles and designer colour palette.

The kitchen has become a central point in our homes and a reflection of our lifestyles. With a wide range of styles from proven classics to exclusive award-winning designs, available in a broad selection of configurations and sizes, you can find the right SILGRANIT sink or bowl to create your customer's dream kitchen.

Thanks to the combination of beautiful design and an impressively resilient, easy-care surface, a SILGRANIT® sink is the ultimate choice for long-lasting kitchen bliss. A SILGRANIT® sink is resistant, easily dealing with domestic use including cutlery scratches, de-frosting food, boiling water and even hot pans and trays.

SILGRANIT® is the clean hero in your kitchen. Its surface is food-safe and repels water, making it easy to keep spotless. What's more, the hygienic test* of the material SILGRANIT® has shown that it inhibits the formation of microbial biofilms and the growth of microorganisms on the material over time. Set your heart on a beautiful SILGRANIT® sink to make kitchen life easier everyday.

Regular internal quality checks in the production of our Silgranit sinks and bowls confirm the high standards that we set ourselves, and ensure you products you can rely on.

* Tests carried out by DHZ (German Hygiene Certificate GmbH) on behalf of and financed by BLANCO GmbH + Co KG with Bacillus subtilis, Escherichia coli, Pseudomonas aeruginosa and Staphylococcus aureus in April 2022. More details on the tests are available at [blanco.com](https://www.blanco.com).

BEAUTIFUL COLOURS.

Discover SILGRANIT's beautiful colour palette.

SILGRANIT's beautiful, smooth surface is available in a range of design-oriented colours that won't fade. Colour is such an important part of our lives, especially within our homes. It is a fundamental aspect of interior design, and we use colour as a form of creative expression. It has the power to uplift, energise, soothe and awaken.

Get inspired and create adorable kitchens with a spectrum of SILGRANIT shades available in our bowls, sinks and mixer taps portfolio.

THE HEART OF MODERN FAMILY TRADITIONS.

VINTERA XL 9, reshaping classic design.

Kitchen design inspired by classic shapes.

Familiar shapes, patterns, colours and materials often provide inspiration for new design trends, bringing stylish vintage flair into the home. This return to tradition and high-quality products is particularly apparent with the sought-after modern country style, which exudes permanence and appeals to all of the senses.

The SILGRANIT material makes the VINTERA XL 9 particularly resistant and easy to clean. Bring modern country style into your kitchen and create a feel-good haven for you and your family.

Installed as undermount for a classic look

Installed as flushmount for a modern look

Unique taste comes from good ingredients.

The VINTERA XL 9 is impressive not only for its language of form and material, but also for the array of options that it offers for customisation. Selected colours and a wide range of mixer taps allow it to be adapted to your own taste and style of interior design. It can be either flushmounted or installed as an undermount, according to your own preference. This makes the VINTERA XL 9 a sink that is tailored to be the perfect ingredient for a high-quality kitchen where the whole family will feel at home.

Big enough for the whole family.

With the VINTERA XL 9, BLANCO is also bringing the feel of spacious country-house kitchens to city apartments. There's enough room for pans, pots and baking trays here, while leaving enough space for several people to work together. The large bowl with its striking granite-look apron front looks at once rustic, minimalistic and contemporary, while the stonelike, silky surface of the sink lends it a pleasantly warm, almost natural feel. The Silgranit material makes the VINTERA XL 9 particularly resistant and easy to clean. Bring modern country style into your kitchen and create a feel-good haven for you and your family.

MODERN DESIGN WITH EXTRA ORDINARY FUNCTIONALITY.

Sink family BLANCO ADIRA.

Optimize the workflow at the kitchen water place.

The BLANCO ADIRA is a modern sink concept equipped with clever accessories. It simplifies food preparation in the sink and turns your kitchen into a fully-fledged work area. With its accessories and high-quality SILGRANIT finish, the ergonomic sink enables seamless workflows along your worktop and allows maximum flexibility in installation and your kitchen planning.

The following versions are available for easy planning: BLANCO ADIRA 45 S, BLANCO ADIRA 6 S and BLANCO ADIRA XL 6 S, also with a model variant “F” for flush-mounted installation.

The multifunctional ADIRA grid

Functional colander with practical draining function

Functional equipment with many application possibilities in modern kitchen planning.

The practical and multifunctional container bin makes it easy to prepare your food without lots of extra handling, and the ADIRA grid makes it easy to clean and dry food and dishes.

BLANCO ADIRA SILGRANIT®

The ADIRA makes optimum use of the kitchen water place and facilitates work processes in the kitchen. This is where functionality in a modern design meets flexibility.

- Modern sink series made of SILGRANIT®.
- Stylish colors and exceptional functionality.
- High degree of convenience thanks to the generous bowl size in combination with practical drain (drip section) for additional comfort in daily work.
- The multifunctional ADIRA grid is included in the scope of supply and can be used as an additional working level on the basin or the draining surface.
- Reversible installation.

PURE AND ELEGANT STAINLESS STEEL DESIGN.

A versatile range that combines timeless design with cutting-edge material innovation.

Minimalism and precision.

BLANCO Stainless Steel bowls and sinks are a synthesis of clear design and functional aspects.

The bold and refined Dark Steel finish exudes modern sophistication with high-quality, pure, non-coated stainless steel. The Dark Steel edition seamlessly coordinates with fittings in elegant satin dark steel (C-overflow and InFino drain system). Durinox introduces a highly durable, innovative surface that balances robustness with a soft, velvety texture. For a timeless appeal, the Satin Polish finish radiates classic elegance, seamlessly enhancing contemporary kitchen designs.

Durinox.

The Durinox surface is created through an innovative process where over a billion stainless steel balls are blasted at nearly 300 km/h onto a 1 mm-thick sheet, hardening it more than twice as much as conventional stainless steel. This patented technique produces a velvety-matte finish that is exceptionally durable, elegant, and hardened all the way through for lasting resilience and sophistication.

Dark Steel.

The Dark Steel finish combines bold elegance with cutting-edge technology. Its velvety matte surface offers a striking dark grey aesthetic that is both durable and refined. Recognized with the Red Dot Award 2024, it adds a luxurious, contemporary touch to any kitchen space while blending form and function seamlessly.

BRILLIANT: THE MULTI-LEVEL BOWL.

BLANCO ETAGON.

One bowl, two rails, three functional levels. This new functional level concept from BLANCO transforms a bowl into a fully-fledged sink. The integrated step allows the bowl to be used in parallel on 3 levels: in the bowl itself, on the bowl step and on the edge, thanks to carefully designed accessories and clever details.

As such, BLANCO ETAGON combines this functionality with a top-class aesthetic. The bowl's elegant radius design and high-quality edquipment, with the hidden C-overflow and the innovative InFino drain system takes modern kitchens to the next level.

The rails transform your ETAGON sink into a work station. The truly remarkable thing is the system concept combining the bowl geometry and the ETAGON rails. Made of high-quality stainless steel, they support the intermediate level, where they have multiple uses: you can put things down or fill them up with ease, also as a support for cleaning trays in the bowl or as the perfect place to dry and store items such as pot lids, drinking bottles or dishwashing utensils. The heatresistant ETAGON rails can also be used as a trivet on your worktop.

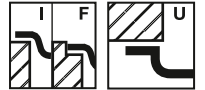

BLANCO ETAGON in stainless steel are available in three installation options and in two sizes.

For perfect kitchen prep on multiple levels.

ETAGON comes in different sizes and versions, including the tried and tested SILGRANIT®.

Also available as the BLANCO ETAGON 500-IF for installation from above or flush-mount installation.

This practical model also comes in ceramic.

BLANCO

ZEROXLINE.

Striking rectangular bowl design in stainless steel.

The BLANCO ZEROX range of bowls features a zero-radius design and is defined by its minimalist, linear look. For those who love minimalist style, ZEROX bowls come in a range of models and fit perfectly into pared-back interiors.

The large ZEROX bowl range is available in three different stainless steel surfaces: in high-grade brushed Satin polish, in innovative and resistant Durinox, and in elegant, velvety lustrous Dark Steel. The Dark Steel surface fits harmoniously into modern kitchen settings that feature dark colours.

The pure, uncoated ZEROX Dark Steel bowl has matt metallic sheen and blends in perfectly with dark shades.

The velvety matt ZEROX Durinox bowl feels pleasantly warm to the touch and is scratch-resistant.

The top-quality ZEROX Satin Polish bowl is timelessly beautiful.

BLANCO SOLIS.

Attractive stainless steel bowls with sophisticated equipment.

BLANCO SOLIS stainless steel bowls stand out for a harmonious mix of appealing design and top quality equipment. The modern design, featuring a combination of the covered C-overflow, and the elegant InFino drain system, all enhance the contemporary vibe of this range of bowls.

SOLIS bowls comes with a large base of the bowl offers plenty of room, making preparing food and cleaning easier at the kitchen water hub. SOLIS range comes in many various bowl sizes and can be installed as an undermount version or with an elegant IF flat rim, with or without an integrated tap ledge.

SOLIS undermount bowls can be flexibly combined with a soap dispenser and pop-up.

The small base radii of the bowls allow the base surface to be used to the full.

Models with a tap ledge come with the intuitive PushControl drain remote control.

ICONIC DESIGN FOR HOME CHEFS.

BLANCOCULINA-S II / BLANCOCULINA-S II Sensor.

Second generation of a timeless classic.

As a kitchen water place specialists, we have always been especially proud of the BLANCOCULINA design. With its superb design and plethora of practical functions, BLANCOCULINA-S II for semi-professional use makes the ideal addition to any home cook's kitchen and is perfect for keen amateur chefs. The high, flexible pull-out spout can be rotated 360° for splash-free tasks at the sink. Pots and vases of different sizes to be filled with ease.

BLANCOCULINA-S II is available in a range of beautiful finishes, and now with a Sensor variant. With their two sensors, the BLANCOCULINA-S II Sensor model ensure hands-free washing and filling of pots and other vessels. They're perfect all-rounders in any modern kitchen and the perfect companion for tech-savvy amateur and semi-professional chefs.

Handwash sensor.

The touch-free sensor allows you to wash your hands without getting finger marks, germs and dirt on the tap. Thanks to the infrared movement sensor on the left-hand side of the tap, the system knows exactly how long the water needs to flow when you're washing your hands.

Pot Filler sensor.

The intuitive sensor is the ideal addition for all home cooks. When you place a pot under the sensor, it is automatically filled with the water from the tap. The water flow stops automatically when you remove the pot from the sensor.

A FRESH SOLUTION WITH FILTERED WATER.

BLANCO FONTAS II / FONTAS-S II.

It's the ultimate in smartness. BLANCO FONTAS provides three options: warm, cold and filtered cold water. The BLANCO FONTAS-S II Filter tap is notable for its pull-out spout for warm and cold water and filtered water. This spout allows flexible use around the sink, making it easy to fill household appliances like your kettle or coffee machine reservoir with filtered water. A fresh solutions that tastes great. The two separate control levers for cold and warm water on the right-hand side and the control lever for filtered water on the left-hand side ensure that you can always get exactly the type of water that you want at any given moment.

ACCESSORIES TO MAKE KITCHEN TASKS EASIER

Choose from the BLANCO range of ingenious accessories to transform your sink into a multi-functional workplace in just in a few simple steps. In order to make best use of the space over the sink, you can often use other sink accessories such as multi-functional colanders or a foldable grid. Even in small kitchens, these can provide additional working surfaces to carry out many tasks.

CHOPPING BOARDS

A wide variety of quality chopping boards are available - in a variety of woods, glass or high-quality plastic. These are specially made to be used over the sink or by the side, to allow for a flexible chopping space.

COLANDERS

A variety of stainless steel colanders allow for rinsing and draining pasta or vegetables right in the sink, making this kitchen task so much simpler.

CORNER CADDY

Practical storage for washing utensils like cleaning products and sponges. Or the caddy can be used as a rinsing and draining colander for food and cutlery. Its secure grip and versatility means it can be placed anywhere around the bowl.

FOLDABLE GRID

Transform your sink into a modern kitchen workspace with our foldable grids. These can be placed on the drainer, over the bowl or on the worktop, to use for draining washed items or filling up pots. It's easy to stow away and vary the positioning on the drainer, thanks to the practical folding function.

WORKTOP ORGANIZER MAIN SET

Effortless organisation for your kitchen worktop.

Upgraded kitchen functionality with set including extendable sink rack, soap dispenser, a small container for cleaning utensils and a drip tray. Extendable sink rack can be used in BLANCO bowls with a width between 396 mm and 440 mm. Plastic parts made of 100% recycled material.

A SMART ADDITION TO YOUR BLANCO UNIT

BLANCO Food Waste Disposer.

Easy. Convenient. Clean.

BLANCO FWDs are hygienic, clean and very convenient when it comes to disposing of leftovers quickly and easily. They cut down the amount of waste in the organic waste bin and so reduce the growth of bacteria and the likelihood of pests and unpleasant odours. They also lower the amount of material sent to landfill sites.

The BLANCO FWD is installed directly beneath the sink and grinds food waste so finely that there is no risk of the pipes becoming blocked. The FWDs are similar to standard grinders, but they don't have knives or blades. All of the moving parts within the appliances are blunt. The system is conveniently controlled from the top of the sink at the touch of a button the air switch. All that is needed for the perfect grinding process is cold water from the tap. The rinsing that occurs during the grinding process also means that the device requires little additional care.

Add an FWD to any BLANCO UNIT for a fully integrated, high-quality kitchen water hub that seamlessly includes hygienic and convenient waste handling.

The system is conveniently controlled from the top of the sink at the touch of a button - the air switch.

Our BLANCO FWD range, in Lite, Medium and Max, fits all BLANCO sinks and bowls.

FOOD WASTE DISPOSER

BLANCO FWD Max

UK
CA C E

KITCHEN ACCESSORIES

FOLDABLE GRID

- Can be placed on the drainer, over the bowl or on the worktop
- Extends the versatility of the sink centre, e.g. for draining washed items or filling up pots
- Variable positioning on the drainer, in the bowl or outside the sink
- Easy to stow away thanks to the practical folding function

FOLDABLE GRID

- Foldable Grid
- for sinks and bowls with a bowl width of 400 mm
- stainless steel/plastic
- 460 x 425 mm

238 482

FLOATING GRIDS

- When attached to the bowl, the floating grid provides an additional functional level
- Very useful for draining crockery or washing food, or as a trivet on the worktop
- Made of high-quality stainless steel

FLOATING GRIDS

- Floating grid
- recommended for PLEON and SUBLINE SILGRANIT and Ceramic
- Stainless steel
- 384 x 251.5 mm

234 795

CORNER CADDY

- Rinsing and draining high-quality plastic colander for food and crockery
- Practical storage for washing utensils
- Variable placement with secure grip
- Efficient and flexible use of the bowl

CORNER CADDY

- Corner caddy
- recommended for BLANCO DALAGO, METRA and PLEON
- black
- plastic
- 215 x 215 mm

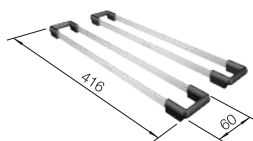

235 866

TOP RAILS

- Positioned at the edge of the bowl, the Top-Rails create a bridge over the sink and provide a second level for working
- Further possibilities of use on the worktop (e.g. as a trivet)
- Made of high-quality stainless steel

TOP RAILS

- Top rails
- recommended for SUBLINE and PLEON SILGRANIT and also for ANDANO, SUPRA, CLARON and ZEROX
- stainless steel/plastic
- 22 x 416 x 60 mm

235 906

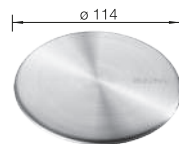

KITCHEN ACCESSORIES

CAPFLOW

- Aesthetic cover for outlet
- Fully functional basket strainer
- Versatile use on any sink with 3 1/2" outlet
- Not compatible with the InFino drain system

CAPFLOW

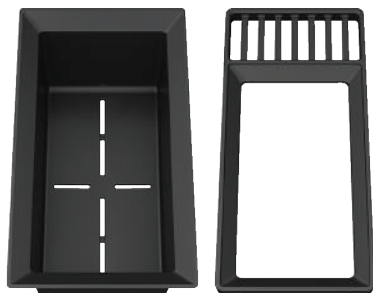

- CapFlow
- Stainless steel

517 666
